

NURSING STUDIES

The purpose of this programme is to prepare the student for all aspects of nursing. The student is introduced to a wide variety of modules with a work placement element to the programme, which gives the student the opportunity and the experience of working in a setting of their choice under supervision. With a new state of the art Practical Skills Room, students can carry out their skills in a simulated classroom which promotes learning. The programme also prepares the students for progression to third level with UCAS and CAO preparation.

Entry Requirements

- Leaving Certificate standard or QQI Level 4 or mature students (23+)
- Learners must be Garda Vetted before going on work placement.
